

Customer Story

Hush Medspa

Hush Medspa is an aesthetic and wellness center offering safe and tested anti-ageing solutions to their patients. Value for the patient's opinions is very high here and every patient is given due priority throughout their treatment. Hush Medspa hires some of the most efficient and dedicated nurse practitioners and aestheticians who have mastered the art of aesthetic medicine.

The idea of offering effective and long lasting anti-ageing treatments was born out of the need to retain one's youthful appearance. The importance of feeling and looking confident about oneself is valued by the staff at Hush. Hush Medspa offers various treatment options like PRP, Hormone Therapy Replacement, Botox, Sculptra and Kybella among others. The aestheticians working here have years of experience in performing these treatments.

Challenge

Hush Medspa were in dire need of a strong web presence when they connected with Growth99 in late 2020. Despite valuable digital assets, they were facing difficulty in showcasing their services and specialty through reliable online means. They wished to attract not only google users but also the more modern generation who was well versed in the use of Instagram and Facebook. Hush Medspa was looking to promote themselves through paid ads as well.

Solution

Growth99 offered Hush Medspa a comprehensive way to make themselves more visible online by revamping their operations through a more refined and user friendly website. With advanced SEO features, their online traffic increased and they were able to synthesize more web based bookings for their treatments. Hush Medspa has seen substantial growth in the demand of their services after getting in touch with Growth99.
